

Website Proposal

Prepared by Be Tech

Prepared for: Restogo (a division of Ray's Produce Inc.)

Date: July 12, 2026

Valid for: 30 days

Page structure is modeled directly on the competitor sites you provided (Karat Packaging & Monvic) — a proven layout for this industry, adapted to a lead-gen (not e-commerce) site.

A marketing website for Restogo's restaurant supply/packaging line (cups, containers, boxes, bags) — a lead-generation site, not an online store. No cart or checkout; visitors submit a quote request. Includes a logo upload/live product preview tool and a full PDF catalog of Restogo's ~2,500 products.

Website — 12 Pages

- | | |
|---------------------------------------|---|
| 1. Home | 7. Products/Others |
| 2. About | 8. Custom Branding — logo tool (hidden in nav dropdown) |
| 3. Products (hub + full catalog link) | 9. Industries We Serve |
| 4. Products/Cups | 10. Service Areas / Locations |
| 5. Products/Containers | 11. Contact — quote form |
| 6. Products/Boxes | 12. Partners & Brands |

Includes: responsive design, SEO, schema markup, sitemap, optimized images, Cloudflare Pages hosting, spam-protected quote form.

Custom Features

- **Logo Upload & Live Product Preview** — visitors upload a logo and preview it on mockups across up to 5 core product categories, no account/order required.
- **PDF Product Catalog (~2,500 products)** — full designed catalog by category with table of contents, linked from the site.

Not Included

Online ordering / cart / checkout • customer accounts or login • CMS (updates require developer) • blog • product photography • CRM / stored lead database

Pricing

Item	Price
Website Design & Development (12 pages)	\$7,200
Custom Logo Upload & Live Product Preview Tool	\$2,600
PDF Product Catalog Production (~2,500 products)*	\$1,500
Total	\$11,300

* Based on product data supplied in a clean, ready-to-use CSV file.

TIMELINE

Website: 3-4 weeks | Catalog: 1-2 weeks (parallel) | Total: 3-4 weeks from receipt of assets

PAYMENT

50% deposit to begin · 50% due at completion, prior to launch

CLIENT PROVIDES

Product images/names/categories/specs · logo/brand assets · company content · timely feedback

Next Steps: Approve proposal + 50% deposit → kickoff call → asset/content collection → design begins.
